7.3 Price and Empowerment

Having completed a technical evaluation, the procedure for the evaluation of technically qualifying tenders is Method 2 (Price and Preferences). The Preference Point System assigns a score to each tenderer based on the tender price and on the tenderer's BBBEE status. These scores are combined to determine an overall score for the tender. The tender with the highest score will be considered for acceptance.

The Preference Point System will be applied as follows:

- 80 points are assigned to price
- Up to 20 points are assigned to BBBEE status per the table under item 6.2

The total preference points for a tender are calculated with the formula

PP = P_s + P_{bee} Where

PP is the total number of preference points scored by the tenderer

P_s is the points scored for the comparative price of the tenderer, and

P_{bee} is the number of points awarded to the tenderer based on his certified B-BBEE status level

Formula for scoring tender price

The following formula will be used to calculate the points for price.

$$P_s = X \left[1 - \frac{(P_t - P_{\min})}{P_{\min}} \right]$$

Where

P_s = Points scored for comparative price of tender under consideration

P_t = Comparative price of tender under consideration

P_{\min} = Comparative price of lowest acceptable tender

X = Points assigned to price
