The Evaluation Process

- Price preference goal points

Bids will be evaluated on an 80/20 (Price / Specific Goals) points basis in terms of Preferential Procurement Policy Framework Act of 2000, Preferential Procurement Regulation 2022.

The following table is applicable in terms of specific goals.

The procedure for the evaluation of compliant tenders is Method 2 (Price and Preferences). The Preference Point System assigns a score to each tenderer based on the tender price and on the specific goals as stated in the tender document. These scores are combined to determine an overall score for the tender. The tenderer with the highest score will be considered for acceptance.

Points scored will be rounded off to the nearest 2 decimal places.

FORMULA FOR SCORING TENDER PRICE

The following formula will be used to calculate the points for price.

$$P_s = X \left[1 - \frac{(P_t - P_{min})}{P_{min}} \right]$$

Where

P_s = Points scored for competitive price of tender under construction

P_t = Comparative price of tender under consideration

P_{min} = Comparative price of lowest acceptable tender

X = Points assigned to price

(see Table 1 below)
